

Book My Firm

What is Book My Firm?

Book My Firm pioneers to be the Platform As A Service (PAAS) for raising the standards of business in the Industry of information technology. A platform that connects IT service/software providers and customers looking for IT services for their business. The BMF works on a targeted procedure to match the requirement with the perfect IT service provider. Customers requirement is shared with not more than four service providers, hence, saving them from attending useless bids or tons of pitching calls and e-mails.

How BMF Helps Businesses?

In its Browse Software segment, BMF provides a comprehensive list of options for various business functions, starting from Accounting to Visitor Management, and for various services starting from UX/UI Design to Digital Marketing, hence business owners can select the best available option. BMF provides generic leads to the registered IT software/services providers. The leads will be based on relevant skills and portfolios.
